

Transition Plan

Updated March 15, 2021

Transition Plan

Overview:

The State of Nevada remains under an emergency as declared by the Governor. This declaration allows the state and its partners to respond to the global pandemic, as well as to seek federal resources and reimbursement for actions taken to protect the health of the residents and visitors of our state. This statewide emergency will remain in place for the foreseeable future, which will allow state and local partners to collaborate in addressing the challenges presented by this pandemic.

On February 14, 2021, Governor Sisolak unveiled <u>Nevada's Roadmap to Recovery</u>, which provides his plan to reduce current statewide COVID-19 mitigation measures and transition certain mitigation measures to local authority. Per the Governor's <u>Emergency Directive 037</u> and Directive 041, this will occur in a phased approach, with transition to local authority happening on May 1, 2021 at the earliest. This document is intended to provide an outline of activities and considerations that must happen for this transition to occur during this timeline.

The Governor's plan, which is distilled in the included graphic, includes a reduction in most mitigation measures throughout the state over three key dates: February 15, March 15, and May 1. Additional and more detailed information referred to below can be found here and on the Nevada Health Response website. While the statewide standards will change over these three dates, there will need to be considerable work by local partners to ensure that they are prepared to implement appropriate local mitigation and enforcement measures by the May 1 date, at the earliest.

Operational and Governance Model: As with every step of Nevada's statewide response to date, *Nevada's Roadmap to Recovery* will continue to ensure that Nevada's response to the COVID-19 pandemic remains federally supported, state managed, and locally executed. As outlined below, this means that each aspect of response and recovery efforts, to include vaccine distribution, will align with federal, state, and local disaster response and recovery plans. A general description of responsibility at each level is outlined below.

Federally Supported: This model will be particularly important during the ongoing vaccination efforts, which have benefited greatly from increased federal collaboration and coordination, and these same improvements should assist Nevada's ongoing response and recovery efforts as well. Nevada has benefited from federal funding to support response and vaccination efforts unemployment programs, as well as resources and personnel at local and state request. This support will remain critical for our ongoing response efforts as well as state and local recovery efforts following the pandemic.

State Managed: The State of Nevada will provide a critical role in coordinating Nevada's response and recovery efforts throughout the remainder of the disaster as well. State government will continue to manage statewide vaccine distribution, receipt and distribution of federal funding, testing and contact tracing resources, or any other pandemic-related activities that require statewide management. It is important to note that the current pandemic remains a statewide and nationwide emergency that requires an emergency management response. Through this approach, and as described below, local government will be delegated authority from the State to implement localized mitigation and enforcement measures.

In addition to working with federal partners, the State will also be responsible for maintaining essential baseline mitigation measures that will remain in place. Even after May 1, 2021, the following baseline mitigation measures will remain in place and will continue to be enforced by the State:

- Statewide mask requirement as outlined in Directive 024.
- Social distancing and hygiene considerations as outlined in Directive 021.
- School reopening and operational requirements as outlined in Directives 022, 028, and 038.
- Crisis Standards of Care as outlined in Directive 011.
- Additionally, industries regulated by the state, whether through professional licensing boards covered in Title 54 of the Nevada Revised Statutes, through state agencies, or through independent regulatory bodies such as the Gaming Control Board, will continue to follow the statewide baseline standards for COVID-19 mitigation measures and any mitigation measures promulgated by their respective regulatory bodies.

In accordance with the <u>National Response Framework</u> and <u>Chapter 414 of the Nevada Revised Statutes</u>, the State defines local partners as county governments working in partnership with incorporated cities, school districts, health districts or authorities, and in some cases, with tribal governments. While it is the Governor's intent for this delegation of authority to remain in place throughout the remainder of the emergency declaration, factors such as increased viral spread, the unknown nature of various variants, and otherwise could result in increased baseline mitigation measures, or the State resuming control of some or all mitigation measures.

In addition to the Governor's statewide standards, Nevada's management of this plan will largely be carried out by the <u>COVID-19 Mitigation and Management Task Force</u> (Task Force). Through its regularly scheduled meetings, Task Force will have a number of important roles, including the following:

- Monitor the spread of the virus within each Nevada county using the three established criteria, which can be found on the County Tracker pages on the <u>Nevada Health Response data dashboard</u>.
- Monitor statewide vaccination efforts by county.
- Work with county governments to ensure each has an appropriate plan to assume the authority delegated to them prior to the transition to local authority on May 1, at the earliest.
- Receive regular updates from county governments on the implementation of their plans after the transition to local authority on May 1, at the earliest.
- Provide feedback and recommendations for how local plans might be improved.
- Identify and coordinate local, state, and federal resources for county partners.

The State COVID-19 Mitigation and Management Task Force (Task Force) will review and offer feedback and assistance to local governments with respect to their transition plans. If the Task Force determines that the plans presented by county governments are not sufficient or that they have substantial deficiencies, however, the Task Force will continue to work with the local authorities to improve the plan. In such cases, the full delegation of authority may occur later than May 1, 2021.

LOCALLY EXECUTED: Local Mitigation and Enforcement Planning Process

County governments will continue to respond to the public health crisis and continue to execute vaccination efforts. In order to receive the delegation of authority regarding specific local mitigation measures on May 1, each county must develop a full Local Mitigation and Enforcement Plan that aligns with the template provided by the State and meets the requirements in the following approval and review process:

- > STEP 1: Each county must begin development of a Local Mitigation and Enforcement Plan for receiving delegation of authority.
- > STEP 2 (March 15): The State Task Force will begin conducting an in-progress review of each county's preliminary Plan in order to provide feedback and recommendations during a public meeting.
- > STEP 3 (March 15 Mid-April): Within this timeframe, the Local Mitigation and Enforcement Plan should be finalized and MUST receive endorsement from the following entities:
 - Local Health District/Authority;
 - Superintendent for the local school district;
 - City Managers (for only those cities with a population in excess of 100,000); and
 - Nevada Hospital Association and/or Nevada Rural Hospital Association.

Following receipt of these endorsements, the completed plan MUST be approved by a vote of the respective Board of County Commissioners.

- ➤ STEP 4 (April 13 April 15): The State Task Force conducts a final review of each county's plan in order to provide feedback and recommendations during a public meeting. The Task Force will work with each county to schedule a presentation over the course of several Task Force meetings taking place on April 13, April 14 and April 15.
- > STEP 5 (May 1): Counties that have participated in this process and have developed appropriate plans receive delegation of authority from the Governor.

The dates listed above are subject to change based on planning process and public meeting schedule.

Local Mitigation and Enforcement Plan Requirements: As described above and outlined in Directive 041, each county will develop a plan in order to assume authority delegated to them by the Governor. In addition to having input and support from regional government leaders, these plans will outline the local approach to mitigation, management, and enforcement after May 1.

At a minimum, the following topics MUST be addressed within each county's plan. Specific requirements that must be addressed within these topics can be found in the Roadmap to Recovery: Local Mitigation and Enforcement Planning Guide, which will be issued in the near future.

• Monitoring:

- COVID-19 measures and indicators to be monitored to determine the nature of the virus within your communities.
- o Protection of vulnerable populations.
- Testing and contact tracing efforts.
- Hospital capacity management.

Status of PPE and other materials needed.

Mitigation Measures:

- Occupancy restrictions for public and private gatherings, events, and activities.
- o Large event gatherings and plan approval process.
- Youth and adult recreational sports.
- o Industry-specific guidance.
- o General social distancing, PPE, and hygiene requirements for businesses and public activities.
- Public sector work plans to support in-person or work-from-home services.

• Enforcement Measures:

- o Regional enforcement partnership and coordination structure.
- Enforcement monitoring activities.
- Enforcement actions for offenses.

Public Information:

- Campaigns to promote public health measures.
- o Campaigns to promote and inform on vaccination efforts.

• Resource Needs:

o Public health, enforcement, or emergency management needs of the county.

ONGOING LOCAL APPROVAL PROCESS (post-transition to Local Authority)

In the initial Local Mitigation & Enforcement Plan, counties may only include initial mitigation measures and must not include future loosening or tightening of restrictions.

If counties wish to amend their approved mitigation measures after May 1st, they MUST follow this approval process:

- Any subsequent changes to the Local Mitigation and Enforcement Plan MUST be approved by a vote of the respective Board of County Commissioners
- Any changes must be submitted *in writing* to the State of Nevada Mitigation & Management Task Force after receiving a vote of approval from the Board of County Commissioners. The report must also include whether the changes received the endorsement of the following entities:
 - Local Health District/Authority;
 - Superintendent for the local school district;
 - o City Managers (for only those cities with population in excess of 100,000); and
 - o Nevada Hospital Association and/or Nevada Rural Hospital Association.

Transition Plan

KEY CONSIDERATIONS FOR PLANNING

updated March 15, 2021

Below are key considerations for planning, including the current status of statewide mitigation measures by category for reference. This information should help assist counties as they develop the actions they'll take for the required "mitigation measures" section of the Local Mitigation and Enforcement Plan.

PUBLIC GATHERINGS & EVENTS

Large in-person gatherings can present risk for increasing the spread of COVID-19 if social distancing, face covering requirements, and other mitigation guidance is not followed. All organizations, individuals and families, and event planners are encouraged to provide remote events and gatherings as an alternative to hosting in-person gatherings.

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	Limited to no more than 250 individuals or 50 percent of fire code capacity, whichever is less, under strict social distancing requirements. UPDATE PER DIRECTIVE 041 effective March 15, 2021: If a gathering space or venue wants to host more than 250 individuals for an event, (live entertainment show, convention, trade show, etc) it may have up to 50 percent of fire code capacity , so long as a Large Gathering Plan Certification Form is submitted and approved.	[INSERT LOCAL PLAN]
LARGE GATHERING PLANS	 Events taking place prior to May 1: Large Gathering Plan Certification Forms may be submitted to the Nevada Department of Business & Industry (B&I) who will work in consultation with state public health officials and other applicable state agencies to review and potentially approve gatherings above 250 individuals, up to 50 percent. Events taking place May 1 – June 30 (after potential transition to Local Authority): Large Gathering Plan Certification Forms may be submitted through April 30 (or through whenever authority transitions to a county) to the Nevada Department of Business & Industry (B&I) who will work in consultation with state public health officials and other applicable state agencies to review and potentially approve gatherings above 250 individuals, up to 50 percent capacity. Applications Submitted after Transition to Local Authority: Large Gathering approval process will be determined by county authorities in accordance with its Local Mitigation and Enforcement Plan. 	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

LARGE GATHERING PLAN CERTIFICATION PROCESS: Those who plan to host a gathering, event, performance, convention, conference, trade show, or other congregation of people for more than 250 individuals before June 30, 2021 must submit a Large Gathering Venue COVID-19 Preparedness & Safety Plan Certification Form ("Large Gathering Plan Certification") to the Nevada Department of Business & Industry (B&I). Large Gatherings (more than 250 people, up to 50 percent capacity) can only take place upon receiving approval by B&I. These venues will be capped at 50 percent of the total fire code capacity and must follow social distancing requirements and be able to adhere to all mitigation protocols.

APPROVAL PROCESS: Large gatherings will not be allowed without approval of a Large Gathering Plan Certification Form. Every Large Gathering Plan Certification Form must be submitted to the Nevada Department of Business & Industry (B&I) for review and potential approval. B&I may work in consultation with state public health officials and other applicable state agencies to review submitted certification forms.

- County, city and municipality local government authorities may not approve a Large Gathering Plan for an event or gathering taking place prior to May 1, 2021.
- The State may review and approve large gatherings plans up until April 30, 2021 (or through whenever authority transitions to a county) for events and gatherings that are planned to take place between May 1 and June 30.
- In order to provide consistency and certainty for those currently planning large events and gatherings between May 1 and June 30, organizers will be able to operate under either the state or county mitigation measures and capacity limits, whichever is *less* restrictive. For example, if a county decides to increase capacity for gatherings and events after the transition to local authority, the organizer may work with the county after the transition occurs to hold the event at the higher capacity limit. Similarly, if the county decides to decrease capacity for gatherings and events, the organizer will be allowed to host their event at the state-approved capacity level.

Click here for Nevada Guidance for Safe Gatherings (updated March 12, 2021)

PRIVATE GATHERINGS & EVENTS

In-person gatherings can present risk for increasing the spread of COVID-19 if social distancing, face covering requirements, and other mitigation guidance are not followed. All organizations, individuals and families, and event planners are encouraged to provide remote events and gatherings as an alternative to hosting in-person gatherings. Public health officials continue to strongly recommend avoiding gatherings with individuals outside of your household.

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	Private social gatherings are restricted to 10 people indoors and 25 people outdoors.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

Transition Plan

FOOD & BEVERAGE ESTABLISHMENTS:

Restaurants & Bars, Pubs, Wineries, Distilleries, and Breweries (those that serve food and those that do not).

This includes all restaurants and bars within gaming properties.

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May allow indoor dining at no more than 50% occupancy based on applicable fire code, under strict social distancing requirements. No occupancy limits for outdoor dining**, as long as all social distancing requirements are followed.	[INSERT LOCAL PLAN]
RESERVATIONS	Reservations NOT REQUIRED	[INSERT LOCAL PLAN]
SEATING	No more than 6 patrons per table with social distancing requirements	[INSERT LOCAL PLAN]
BAR SEATING	Patrons sitting at a table or booth must only be served via table service . Patrons may be served at bar tops if spaced 6ft apart and bar top parties should be limited to no more than 2 persons.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	Strongly encouraged to continue curbside, delivery, and/or carry out operations. Restaurants and bars are encouraged to try to expand outdoor seating options, and local governments are encouraged to work with these businesses to meet this goal. Restaurants and bars should continue to have hand sanitizer available and should be conducting health screenings and/or temperature checks. Buffets will remain prohibited.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

^{**}Outdoor dining means dining in an area that is not enclosed or surrounded by a roof and rigid wall structures or non-rigid materials, such as fabric or vinyl. For example, a tent with walls is considered "indoors" because it restricts natural air flow and ventilation. Areas covered by a structure without walls, such as an overhead canopy, sun shade, or awning, are considered "outdoors."

Transition Plan

PLACES OF WORSHIP:

Mitigation measures, including but not limited to capacity, for houses of worship must not be more restrictive than mitigation measures for similar gatherings or businesses.

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements at no more than 50% occupancy based on applicable fire code.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	CLICK HERE FOR NEVADA COVID-19 SAFETY GUIDANCE FOR PLACES OF WORSHIP	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

GYMS, FITNESS/DANCE/YOGA STUDIOS, MARTIAL ARTS STUDIOS & SIMILAR ESTABLISHMENTS:

ESTABLISHIVENTS.		
	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements at no more than 50% occupancy based on applicable fire code.	[INSERT LOCAL PLAN]
GYM/STUDIO LOCKER ROOMS**	Locker rooms may be open but MUST be limited to 50 percent capacity . Single stall showers may be utilized. Community showers, saunas, vapor baths, salt therapy rooms, hot tubs, spas and other communal areas remain prohibited.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	Equipment MUST be moved or designated inoperable to ensure a minimum of six feet of social distancing between users.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

^{**}Enclosed locker rooms that allow multiple individuals at one time increase risk of infection due to a lack of ventilation and limited ability to socially distance. Locker rooms must be limited to 50 percent capacity for this reason.

Transition Plan

GAMING FLOORS:

Capacity and mitigation measures for gaming areas will **NOT** transition to local control after May 1 and **will remain under the authority of the Nevada Gaming Control Board.** Uniform, statewide mitigation measures will continue to apply to gaming areas.

After May 1, other businesses located within a gaming property will be subject to the applicable county's capacity and other mitigation measures applicable to that type of business, per the approved Local Mitigation and Enforcement Plan. For example, a retail clothing store located within a gaming property shall follow the mitigation measures for retail stores that are set forth in the county's plan.

ARCADES, RACETRACKS, BOWLING ALLEYS, MINI GOLF, POOL HALLS, AMUSEMENT & THEME PARKS, and SIMILAR ACTIVITIES:

These venues have many high-touch surfaces and are common venues for group gatherings, or gatherings that would promote food/drink consumption or other activities that would require mask removal. A responsible and staggered approach is strongly recommended by public health officials.

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements at no more than 50% occupancy based on applicable fire code.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	High-touch surfaces should be avoided (remain closed if applicable/possible) and cleaned frequently. Food and drink should be contained to areas designated as restaurants/food courts and should adhere to requirements in place for those types of establishments.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

Transition Plan

LIBRARIES, MUSEUMS, ART GALLERIES, AQUARIUMS & ZOOS:

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements at no more than 50% occupancy based on applicable fire code.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	All interactive and/or hands-on exhibits must be closed. High-touch surfaces should be avoided and cleaned frequently. Food and drink should be contained to areas designated as restaurants/food courts and should adhere to requirements in place for those types of establishments.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

BODY ART & PIERCING ESTABLISHMENTS:

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements per existing Directives.	[INSERT LOCAL PLAN]
APPOINTMENTS	Services shall be provided by appointment only , and customers waiting for an appointment must wait outside and practice social distancing.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	No body art or piercing may be done around the nose or mouth. Establishments with walls/partitions between stations or chairs may utilize all stations, but no more than 1 customer can be at a station at any given time. Establishments without walls/partitions between stations/chairs may only seat clients every other station or chair, or arrange stations or chairs to a min of 6ft apart.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

Transition Plan

SPAS, MASSAGE THERAPY & MASSAGE ESTABLISHMENTS:

Industries regulated by professional licensing boards covered in Title 54 of the Nevada Revised Statutes will continue to follow the statewide baseline standards for COVID-19 mitigation measures and any mitigation measures promulgated by their respective regulatory bodies, in addition to local measures.

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements per existing Directives and protocols established by the Nevada State Board of Cosmetology and Nevada State Board of Massage Therapy.	[INSERT LOCAL PLAN]
APPOINTMENTS	Services shall be provided by appointment only , and customers waiting for an appointment must wait outside and practice social distancing.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	Out-call and/or in-home service may be provided with observation of same protocols as in the establishments. Establishments, including day and overnight spas, that may operate for aesthetic and massage services must prohibit the use of steam rooms, saunas, portable saunas, vapor baths, salt therapy rooms, hot tubs, and any other communal facilities.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

HAL OF THE OF TH

Transition Plan

HAIR SALONS, BARBERSHOPS, NAIL SALONS & BUSINESSES THAT PROVIDE AESTHETIC SKIN SERVICES:

Industries regulated by professional licensing boards covered in Title 54 of the Nevada Revised Statutes will continue to follow the statewide baseline standards for COVID-19 mitigation measures and any mitigation measures promulgated by their respective regulatory bodies, in addition to local measures.

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements per existing Directives and protocols established by the Nevada State Board of Cosmetology and Nevada Barbers' Health and Sanitation Board, as applicable.	[INSERT LOCAL PLAN]
APPOINTMENTS	Services shall be provided by appointment only , and customers waiting for an appointment must wait outside and practice social distancing.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	Out-call and/or in-home service may be provided with observation of same protocols as in the establishments. Salons & barber shops with walls/partitions between stations or chairs may utilize all stations, but no more than 1 customer can be at a station at any given time . Salons and barber shops without walls/partitions between stations/chairs may only seat clients every other station or chair, or arrange stations or chairs to a min of 6ft apart .	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

Transition Plan

RETAIL STORES:

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements at no more than 50% occupancy based on applicable fire code.	[INSERT LOCAL PLAN]
RETAIL & GROCERY STORES W/OVER 50,000 sq. ft. capacity	MUST have "counters" at all public entrances to manage capacity. MUST have health screening signage at public entrances. Encouraged to conduct temperature screenings before entry.	[INSERT LOCAL PLAN]
SELF-SERVE FOOD/BEVERAGE OPTIONS	Retail stores, including grocery stores, may offer limited self-service food and drinks with mitigation measures in place.**	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	Strongly encouraged to promote and continue online or call-in ordering, curbside, delivery, and/or carry out operations.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

CANNABIS - Medicinal & Recreational Establishments:

After May 1, Medicinal and Recreational Marijuana Establishments will still remain under the authority and regulatory control of the Nevada Cannabis Compliance Board (CCB). However, capacity and mitigation measures for Medicinal and Recreational Marijuana establishments will fall under the category of "Retail Stores" within each county

• For example, if a county decides to set a capacity limit of 50 percent for retail stores in its Local Mitigation and Enforcement Plan, marijuana establishments will also be at 50 percent capacity.

^{**}These locations can allow for social distancing by strictly limiting the number of customers at one time. Recommended mitigation practices include, but are not limited to: limiting number of individuals using food and drink stations at one time; using individual or disposable utensils and serving ware wherever possible; and providing hand sanitizer and recommending usage before touching any communal surfaces.

Transition Plan

INDOOR MALLS:

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements at no more than 50% occupancy based on applicable fire code including no more than 50% capacity within each individual retail store , which must comply with all retail business restrictions.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	Strongly encouraged to promote and continue online or call-in ordering, curbside, delivery, and/or carry out operations.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

COMMUNITY & RECREATIONAL CENTERS:

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
CAPACITY	May operate under strict social distancing requirements at no more than 50% occupancy based on applicable fire code.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

Transition Plan

YOUTH AND ADULT RECREATIONAL SPORTS:

Current state guidance does NOT govern professional sports leagues or college division level sports. The NIAA retains authority over when high school sports will resume and the guidelines under which competition will resume, consistent with Section 7 of Directive 028 and Sections 5 and 7 of Directive 034.

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
TOURNAMENTS	Tournaments for permissible sports (pursuant to Directive 034) allowed to resume no earlier than March 15. Tournaments must be approved by applicable State authorities prior to competitions through submission of a Preparedness & Safety Plan.	[INSERT LOCAL PLAN]
ADDITIONAL MEASURES	Amount of spectators allowed at a tournaments will be dictated by the applicable Directives on gathering sizes and must be outlined in the tournament's approved Preparedness & Safety Plan.	[INSERT LOCAL PLAN]
CONTACT LEVEL	PROHIBITED (unless regulated by NIAA) • Full-Contact Sports including football, rugby, wrestling, ice hockey, basketball, etc. ALLOWED: • Minimal-Contact Sports including baseball, softball, soccer, volleyball, lacrosse, etc. • Non-Contact Sports including golf, tennis, running, track and field, skiing/snowboarding, gymnastics, etc.	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

<u>Guidance for Local Planning:</u> For reference, previous State Directives related to youth and adult recreational sports did not apply to sporting events regulated by professional sports leagues, the Nevada State Athletic Commission (NSAC), or the National Collegiate Athletic Association (NCAA). With respect to high school sports, the Nevada Interscholastic Activities Association (NIAA) always retained authority over schedules and the guidelines under which competition could take place.

State Emergency Directives classify which sports are full-, minimal-, and non-contact with corresponding restrictions applied to those classifications. The transition to local authority will allow each county to revisit the classifications and rules for the different types of sports. ***SEE: "Nevada Guidance for Adult & Youth Sports" for all current mitigation measures

Transition Plan

ESTABLISHMENTS CURRENTLY CLOSED THAT MAY TRANSITION TO LOCAL AUTHORITY:

	CURRENT STATEWIDE STANDARDS	PROPOSED LOCAL MEASURES*
ADULT ENTERTAINMENT ESTABLISHMENTS	CLOSED	[INSERT LOCAL PLAN]
NIGHTCLUBS & DAYCLUBS	CLOSED	[INSERT LOCAL PLAN]
BROTHELS	CLOSED	[INSERT LOCAL PLAN]
KARAOKE	CLOSED	[INSERT LOCAL PLAN]

^{*}Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate and social distancing safety protocols.

PUBLIC GATHERINGS & EVENTS

- ✓ 100 individuals or 35% of fire code capacity, whichever is less, under strict social distancing requirements
- Large Gathering Plans allowed for submission but cannot resume until **March 1** and only if granted approval by applicable local health & state authorities

35% CAPACITY LIMIT

- ✓ Food & Beverage Establishments: Restaurants, Bars, Pubs, Wineries, Distilleries & Breweries (those that serve food and those that do not)
- Gyms, Fitness Studios, Yoga Studios, Dance Studios, Martial Arts Studios & similar establishments
- ✓ Gaming Floors
- Arcades, Racetracks, Bowling Alleys, Mini-Golf, Pool Halls/Billiards Rooms, Amusement and Theme Parks & similar activities

50% CAPACITY LIMIT

- Places of Worship
- Libraries, Museums, Art Galleries, Aguariums & Zoos
- Retail Stores & Indoor Malls
- Medicinal & Recreational Cannabis Establishments
- Community/Recreational Centers (incl. public pools)

May operate under strict social distancing requirements and protocols established by existing Directives and/or guidance issued by the applicable regulatory body

- ✓ Spas, Massage Therapy & Massage Establishments
- ✓ Hair Salons, Barbershops, Nail Salons & businesses that provide Aesthetic Skin Services
- ✓ Body Art & Piercing establishments

PUBLIC GATHERINGS & EVENTS

- ✓ 250 individuals or 50% of fire code capacity, whichever is less, under strict social distancing requirements
- ✓ Large Gathering Plans for trade shows, conferences, conventions, etc., allowed for approval

50% CAPACITY LIMIT

- Libraries, Museums, Art Galleries, Aquariums & Zoos
- ✓ Retail Stores & Indoor Malls
- ✓ Medicinal & Recreational Cannabis Establishments
- ✓ Community/Recreational Centers (incl. public pools)
- ✓ Food & Beverage Establishments: Restaurants, Bars, Pubs, Wineries Distilleries & Breweries (those that serve food and those that do not)
- ✓ Places of Worship
- ✓ Gyms, Fitness Studios, Yoga Studios, Dance Studios, Martial Arts Studios & similar establishments
- ✓ Gaming Floors
- Arcades, Racetracks, Bowling Alleys, Mini-Golf, Pool Halls/Billiards Rooms, Amusement and Theme Parks & similar activities

YOUTH & ADULT RECREATIONAL SPORTS

Tournaments allowed to resume if Preparedness & Safety Plan approved by applicable state authorities

May operate under strict social distancing requirements and protocols established by existing Directives and/or guidance issued by the applicable regulatory body

- ✓ Spas, Massage Therapy & Massage Establishments
- ✓ Hair Salons, Barbershops, Nail Salons & businesses that provide Aesthetic Skin Services
- ✓ Body Art & Piercing establishments

TRANSITION TO LOCAL AUTHORITY

- ✓ Public Gatherings & Events
- ✓ Libraries, Museums, Art galleries, Aquariums & Zoos
- ✓ Retail Stores & Indoor Malls
- ✓ Medicinal & Recreational Cannabis Establishments
- ✓ Community/Recreational Centers (incl. public pools)
- ✓ Food & Beverage Establishments: Restaurants, Bars, Pubs, Wineries Distilleries & Breweries (those that serve food and those that do not)
- ✓ Places of Worship
- ✓ Gyms, Fitness Studios, Yoga Studios, Dance Studios, Martial Arts Studios & similar establishments
- ✓ Gaming Floors
- Arcades, Racetracks, Bowling Alleys, Mini-Golf, Pool Halls/Billiards Rooms, Amusement and Theme Parks & similar activities

MUST OPERATE ACCORDING TO THE REQUIREMENTS OF THE NEVADA CANNABIS COMPLIANCE BOARD

✓ Medicinal & Recreational Cannabis Establishments

MUST OPERATE ACCORDING TO THE REQUIREMENTS OF THE NEVADA GAMING CONTROL BOARD

✓ Gaming Floors

May operate under strict social distancing requirements and protocols established by existing Directives and/or guidance issued by the applicable regulatory body

- ✓ Spas, Massage Therapy & Massage Establishments
- ✓ Hair Salons, Barbershops, Nail salons & Businesses that provide Aesthetic Skin Services
- ✓ Body art & piercing establishments

Statewide directives that will remain in place to mitigate the spread will include, but not be limited to: face covering mandate & social distancing safety protocols.

Businesses that will remain closed through at least May 1 include: adult entertainment establishments, dayclubs and nightclubs, brothels and karaoke.

Transition Plan

COVID-19 RESOURCE GUIDE FOR LOCAL PLANNING

The resource guide below compiles evidence-based, established best practices from national sources for COVID-19 mitigation from the CDC and other industry authorities with corresponding academic literature included at the end as endnotes.

The key considerations outlined in each section represent the most consistent guidelines that overlap between public health authorities and subject-matter experts. Individual documents may have additional information and more specific guidance. This guidance does not include gathering size restrictions or capacity limitations, though such measures are currently recommended by Nevada, the CDC, and other public health authorities. Local governments should decide on future restrictions based on the level of community spread, establishment type, and facility size.

REFERENCE GUIDE: Food and beverage establishments

Key considerations*

Establishment type	Social distancing	Cleaning and sanitizing	Personal hygiene and employee wellness	Facility maintenance and operations
Restaurants	6 ft. between tables	Disinfect high-touch	Require employees to	Encourage pick-up,
		areas	stay home if ill	delivery, and outdoor
	Install physical barriers			seating
		Opt for single-use items	Screen staff for	
	Use reservations or call-		symptoms	Supplement HVAC
	ahead seating	Contactless menu and		systems with open
		payment options	Require masks	windows and fans
	Close waiting areas and

	games, and other			
	gathering areas**			

^{*} Guidance is consistent across guidance documents except where noted

^{**} Guidance is specific to AIHA Reopening: Guidance for the Bar Industry document

Guidance documents

The National Restaurant Association

https://go.restaurant.org/covid19-reopening-guide

Guidance on food safety, employee health, ventilation and facility maintenance, and handling confirmed/suspected COVID-19
cases

American Industrial Hygiene Association (AIHA) - Bars and Pubs

https://www.backtoworksafely.org/bar-industry-covid-19-reopening-guidelines

Contextualized information for bars, including drink preparation, crowded areas, and enhanced cleaning measures

<u>Centers for Disease Control and Prevention – Restaurants & Bars</u>

https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/business-employers/bars-restaurants.html

• Strategies to maintain healthy food and beverage operating environments including workplace management and re-opening preparation

Food and Drug Administration

https://www.fda.gov/food/food-safety-during-emergencies/best-practices-retail-food-stores-restaurants-and-food-pick-updelivery-services-during-covid-19

 Adds specificity for protecting and monitoring employee health, maintaining operations in foodservice, safely managing pickup and delivery

REFERENCE GUIDE: Places of worship, community centers, and event spaces

Note that guidelines for places of worship should be aligned to those of public and private businesses.

Key Considerations

Establishment type	Social distancing	Cleaning and sanitizing	Personal hygiene and employee wellness	Facility maintenance and operations
Places of worship	6 ft. between groups	Disinfect high-touch areas	Require patrons to stay home if ill	Encourage drive-in or outdoor services
	Mark 6 ft. distances and			
	create one-way routes	Opt for pre-packaged and single-use cups	Require masks	Supplement HVAC systems with open
	Limit physical contact		Make hand sanitizer	windows and fans
	between members	Limit use of shared or	available	
		passed items		Train all volunteers in
	Limit vocal activity**			new protocols
		Stagger services for cleaning		
Community centers	6 ft. distancing in	Disinfect high-touch	Require stakeholders to	Encourage virtual, drive-
·	communal spaces	areas	stay home if ill	in, and outdoor gatherings
	Host smaller events in	Opt for pre-packaged	Require masks	
	larger rooms	and single-use items		

Transition Plan

	Limit vocal activity	Limit use of shared items	Make hand sanitizer available	Supplement HVAC systems with open windows and fans	
	Mark 6 ft. distances and create one-way routes	Stagger events for		Train all members in new protocols	
	Close buffets and waiting areas	cleaning			
Event spaces	6 ft. between groups	Disinfect high-touch areas	Require guests to stay home if ill	Encourage virtual, drive- in, and outdoor options	
	Shorten events				
		Opt for single-use items	Screen staff and guests	Supplement HVAC	
	Reserved seating		for symptoms	systems with open	
	only***	Contactless check-in		windows and fans	
		options	Require masks		
	Mark 6 ft. distances and			Train all staff in new	
	create one-way routes	Limit use of shared items	Make hand sanitizer available	protocols	
	Close waiting areas,				
	dance floors, and other	Stagger events for			
	gathering areas	cleaning			

^{*} Guidance is consistent across guidance documents except where noted

Guidance documents

Centers for Disease Control and Prevention – Communities of Faith

https://www.cdc.gov/coronavirus/2019-ncov/community/faith-based.html

• Includes suggestions for places of worship to consider when preparing to reconvene in-person gatherings, such as social distancing and planning for when someone becomes sick

<u>Centers for Disease Control and Prevention – Community-Based Organizations</u>

https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/community-based.html

• Provides information for multiple types of community centers including guidance for programming, food distribution, childcare services, staff training, and meetings

Event Safety Alliance

https://www.eventsafetyalliance.org/esa-reopening-guide

 Addresses health and safety issues that event spaces, performance venues, and theaters may encounter, and provides guidance to mitigate the risk for these gatherings

^{**} The CDC's guide for community-based organizations suggests limiting vocal activity, but also applies to faith communities

^{***} Guidelines are given if hosting general admissions events, but doing so is not recommended per CDC guidelines

Transition Plan

Personal care services, including body art, salons, and massage

Key Considerations

Establishment type	Social distancing	Cleaning and sanitizing	Personal hygiene and employee wellness	Facility maintenance and operations
Salons, tattoo and	6 ft. between stations	Disinfect high-touch	Require clients to stay	Supplement HVAC
piercing businesses,		areas	home if ill	systems with open
spas, and massage	Reservation-only with			windows and fans
establishments	no additional guests	Opt for single-use	Screen staff for	
		items**	symptoms	Refresh air in sauna and
	Install physical barriers			spa treatment
		Contactless check-in,	Hand-washing prior to	rooms****
	Close waiting areas,	menu, and payment	appointment	
	coffee stations, and	options		Train all staff in new
	other gathering areas		Require masks	protocols
		Stagger appointments		
	Encourage touchless or modified treatment	to allow for cleaning	Consider gloves for staff	
	options***		Make hand sanitizer available	
	Limit offerings that			
	involve facial			
	touching***			

^{*} Guidance is consistent across guidance documents, though the suggestions below vary based on establishment type

Guidance documents

International Spa Association

https://experienceispa.com/covid-19-info/2-uncategorised/400-reopening-resources

Guides for spas to follow including facility operation plans, shutdown in the event of confirmed COVID-19 cases, and industry
hygiene standards

Professional Beauty Association

https://www.probeautv.org/membership-resources/getting-back-to-work

• Details best practices for nail artists, hair stylists, and other professionals to consider, including health screening, cleaning and disinfection protocols, and PPE guidance

<u>Association of Professional Piercers</u>

https://www.safepiercing.org/psa_covid-19.php

• Includes enhanced cleaning and distancing protocols for those in body art facilities

Centers for Disease Control and Prevention – Beauty Salon & Barbershop Employers

^{**} The CDC did not mention disposable capes or aprons, but fresh, sanitized items must be provided to each client

^{***} The International Spa Association was the only guidance document to mention these policies specifically

^{****} The state of Nevada has closed these facilities through May 1st, but mitigation protocols (found in the International Spa Association document) are noted here. [11]

https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/beauty-salon-barber-employers.html

Provides guidance for beauty industry employers and offers social distancing plans, sanitization strategies, and engineering controls to mitigate spread.

Gyms, fitness studios, sports, and recreational facilities

Key Considerations

Establishment type	Social distancing	Cleaning and sanitizing	Personal hygiene and employee wellness	Facility maintenance and operations
Gyms and fitness/dance/yoga studios	6 ft. between athletes, blocking off equipment to maintain distance	Disinfect high-touch areas	Require patrons to stay home if ill	Encourage virtual and outdoor offerings
	Mark 6 ft. distances in weight areas and classrooms	Limit shared equipment Contactless check-in and payment options	Screen staff and patrons for symptoms*** Require masks	Supplement HVAC systems with open windows and fans
	ciassioonis	and payment options	require masks	Train all staff in new
	Limit exercise group sizes	Stagger classes to allow for cleaning	Make hand sanitizer and disinfectant wipes available	protocols
	Host smaller classes in larger rooms			
	Frequently clean saunas, showers, and locker rooms**			
Intramural sports	6 ft. between participants	Disinfect high-touch areas	Require athletes to stay home if ill	Encourage outdoor practices and games, especially for high-
	Limit the number of spectators	Limit shared equipment	Screen players, coaches, and spectators for	intensity activities
	Choose larger playing	Opt for pre-packaged food and drink	symptoms	Supplement HVAC systems with open
	area	Close drinking fountains	Require masks except for athletes	windows and fans
	Shorten length of			Train all staff in new
	activity	Stagger activities to allow for cleaning	Make hand sanitizer available	protocols
	Keep teams to core			
	participants		No spitting	
	No congregating before			
	or after games			

^{*} Guidance is consistent across guidance documents, though special protocols are suggested for group exercise classes and outdoor activities have fewer restrictions. All intramural sports guidance is taken from the CDC "Playing Sports" document.

^{**} The state of Nevada has closed these facilities through May 1st, but mitigation protocols (found in the International Spa Association document) are noted here.

^{***} Only the Club Management Association guidance document suggested screening both staff and patrons.

Transition Plan

Guidance documents

Centers for Disease Control and Prevention – Gym & Fitness Centers

https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/gym-employees.html

• Provides information for gym and fitness center employees on how to decrease risk of infection, along with listing external guides for cleaning, disinfecting, and workplace safety

Centers for Disease Control and Prevention - Playing Sports

https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/playing-sports.html

Includes considerations for youth and adult intramural sports leagues to reduce exposure risks during competition

Club Management Association

https://www.cmaa.org/covid/Reopening/index.html

• Offers reopening resources for private clubs, including department considerations for pools, camps and childcare, fitness and wellness, golf and tennis, and other operations

Public amusement establishments and attractions

Key Considerations*

Establishment type	Social distancing	Cleaning and sanitizing	Personal hygiene and employee wellness	Facility maintenance and operations
Rides and attractions	6 ft. between groups	Disinfect high-touch areas	Require guests and staff to stay home if ill	Encourage virtual and outdoor offerings
	Mark 6 ft. distances and			
	create one-way routes	Reduce required touch points	Screen staff and guests for symptoms	Supplement HVAC systems with open
	Time ticketing to reduce			windows and fans
	crowds	Contactless check-in	Require masks	
		and payment options		Train all staff in new
			Make hand sanitizer	protocols
		Stagger rides to allow	available	
		for cleaning		
Walk-through exhibits	6 ft. between guests	Disinfect high-touch	Require guests and staff	Encourage virtual and
(museums, zoos, etc.)		areas	to stay home if ill	outdoor offerings
	Install physical barriers			
		Close interactive	Screen staff and guests	Supplement HVAC
	Consider reservation- only	exhibits**	for symptoms	systems with open windows and fans
	•	Contactless check-in	Require masks	
	Mark 6 ft. distances and	and payment options	•	Train all staff in new
	create one-way routes		Make hand sanitizer	protocols
	-	Stagger tours to allow	available	
		for cleaning		
Games (mini golf,	6 ft. between guests	Disinfect high-touch	Require guests and staff	Encourage virtual and
bowling), casinos, and		areas	to stay home if ill	outdoor offerings
arcades	Install physical barriers			·

Consider reservation-only	Limit shared gaming consoles and equipment	Screen staff and guests for symptoms	Supplement HVAC systems with open windows and fans
		Require masks	
Limit group sizes	Contactless check-in		Train all staff in new
	and payment options	Require hand	protocols
Mark 6 ft. distances and		sanitizer***	
create one-way routes			
		Make disinfectant wipes	
		available	

^{*} Guidance is consistent across guidance documents, though the suggestions below vary based on establishment type

Guidance documents

Centers for Disease Control and Prevention – Casinos & Gaming Operations

https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/business-employers/casinos-gaming-operations.html

• Details methods for casinos and gaming operators to reduce the spread of COVID-19, such as modifying gaming layouts, installing physical barriers, increasing ventilation, and intensifying cleaning and disinfecting of high-touch surfaces

International Association of Amusement Parks and Attractions (IAAPA)

https://www.iaapa.org/iaapa-releases-second-edition-reopening-guidance-considerations-attractions-industry

• Summarizes additional health, safety, and management considerations for all types of attraction facilities including rides and attractions, museums, zoos, aquariums, water parks, arcades, bowling alleys, and more

<u>American Industrial Hygiene Association – Libraries</u>

https://aiha-assets.sfo2.digitaloceanspaces.com/AIHA/resources/Reopening-Guidance-for-Libraries GuidanceDocument.pdf

• Includes industry-specific guidance for library facilities including strategies for physical distancing, cleaning, and employee wellness

American Alliance of Museums

https://www.aam-us.org/programs/about-museums/preparing-to-reopen/

Addresses multiple situations facing museums, including operating procedures and health and safety protocols for reopening,
 and lists several sample reopening plans

^{**} The IAAAPA noted that some exhibits may be able to remain open with mitigation measures and frequent cleaning.

^{***} All quidance documents suggested hand sanitizer, though in high-touch environments, requiring it should be considered. 📖

Retail stores and indoor malls

Key Considerations*

Establishment type	Social distancing	Cleaning and sanitizing	Personal hygiene and employee wellness	Facility maintenance and operations
Retail stores and indoor malls	6 ft. between groups	Disinfect high-touch areas	Require employees to stay home if ill	Encourage pick-up and delivery
	Install physical barriers			
		Contactless payment	Screen staff and guests	Supplement HVAC
	Mark 6 ft. distances and	options	for symptoms	systems with open
	create one-way routes			windows and fans
			Require masks	
	Limit the number of			Train all employees in
	customers inside stores		Make hand sanitizer	new protocols
	and changing areas**		available	
Outdoor malls	6 ft. between guests	Disinfect high-touch	Require employees to stay home if ill	Encourage pick-up and delivery
	Limit the number of	arcas	stay nome ii iii	delivery
	customers inside retail	Contactless payment	Require masks	Supplement HVAC
	shops	options	1	systems with open
	'	•	Make hand sanitizer	windows and fans
	Remove common		available	
	outdoor seating areas if			Train all employees in
	they cannot be cleaned			new protocols
	frequently			

^{*} Guidance is consistent across guidance documents, though the suggestions vary based on establishment type. Essential retail stores may have a different set of considerations, as noted in the U.S. Department of Labor guidance.

Guidance documents

International Council of Shopping Centers

https://www.icsc.com/coronavirus/covid-general

• Offers best practices for re-opened retail stores and shopping centers, covering topics such as indoor traffic flow, social distancing, and hygiene and sanitation

United States Department of Labor

https://www.osha.gov/coronavirus/control-prevention/retail

 Includes guidance to help retail stores reduce workplace hazards for employees in different types of environments, including critical and high-customer settings

^{**} Changing areas were not mentioned in either document, but given the nature of enclosed indoor spaces, should be treated similarly to locker rooms.

Hotels, lodging, rentals, and shared living facilities

Key Considerations*

Establishment type	Social distancing	Cleaning and sanitizing	Personal hygiene and employee wellness	Facility maintenance and operations
Hotels and lodging	6 ft. between groups Install physical barriers	Disinfect high-touch areas	Require employees to stay home if ill	Supplement HVAC systems with open windows and fans
	, ,	Limit shared equipment	Screen staff for	
	Limit the number of		symptoms	Train all employees in
	guests in common areas	Contactless payment		new protocols
	and fitness centers**	options	Require masks in	
			common areas	
			Make hand sanitizer available	
Shared living facilities (apartments, condos,	6 ft. between residents	Disinfect high-touch areas	Require employees to stay home if ill	Supplement HVAC systems with open
etc.)	Install physical barriers			windows and fans
		Limit shared equipment	Screen staff for	
	Limit the number of residents in common	Contactless payment	symptoms	Train all employees in new protocols
	areas and fitness	options	Require masks in	
	centers**		common areas	
			Make hand sanitizer	
			available	

^{*} Guidance is consistent across guidance documents, though the suggestions vary based on establishment type and size.

Guidance documents

American Hotel and Lodging Association (AHLA)

https://www.ahla.com/safestay

Guides hotel managers and staff through enhanced cleaning measures and safety guidelines

Centers for Disease Control and Prevention – Hotels, Resorts, and Lodges

https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/hotel-employers.html

Provides hotel operations guidance, cleaning guidance, and workforce safety tips

Centers for Disease Control and Prevention - Shared or Congregate Housing

https://www.cdc.gov/coronavirus/2019-ncov/community/shared-congregate-house/guidance-shared-congregate-housing.html

• Provides guidance specific to apartments, condos, shelters, and other shared living spaces

^{**} More detail can be found in accompanying quides from the AHLA and CDC about how to maintain cleanliness in common areas

Transition Plan

Public transport, rideshares, and taxis

Key Considerations*

Establishment type	Social distancing	Cleaning and sanitizing	Personal hygiene and employee wellness	Facility maintenance and operations
Public transit	6 ft. between groups where possible	Disinfect high-touch areas	Require employees to stay home if ill	Supplement HVAC systems with open windows or air
	Install partitions	Limit shared materials	Screen staff for symptoms	conditioning
	Prohibit congregating	Contactless payment		Train all employees in
	near exits	options	Require masks	new protocols
	Time tickets for boarding, if needed**		Make hand sanitizer available	
Rideshares and taxis	Limit rides to one group at a time	Disinfect high-touch areas	Require employees to stay home if ill	Supplement air conditioning with open windows
	Do not use the front	Limit shared materials	Screen staff for	
	passenger seat	Contactless payment	symptoms	Avoid using recirculated air option during
	Install partitions between driver and	options	Require masks	transport
	passengers		Make hand sanitizer available	Train all employees in new protocols

^{*} Guidance is consistent across guidance documents, though suggestions vary based on the type of vehicle being utilized

Guidance documents

American Public Transit Association (APTA)

https://www.apta.com/wp-content/uploads/COVID-19 Transit Guide REVISON-2020 08 11.pdf

• Specifies protocols for buses, revenue and non-revenue vehicles, shared rides, and railcars

<u>Centers for Disease Control and Prevention – Bus Transit Operators</u>

https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/bus-transit-operator.html

Provides information for bus operators, including cleaning, employee health, and distancing

Centers for Disease Control and Prevention – Rideshare, Taxi, Limo, & Other Drivers-for-Hire

https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/rideshare-drivers-for-hire.html

• Includes information for drivers to protect themselves and their passengers such as specific cleaning tips for cars and maintaining personal hygiene in a small, enclosed space

^{**} Timed tickets were not mentioned in any document but could reduce crowding when entering mass transit like trains or buses

Transition Plan

ADDITIONAL COVID-19 REOPENING RESOURCES:

Primary Resources

The Center for Disease Control

https://www.cdc.gov/coronavirus/2019-ncov/index.html

The primary US COVID-19 site for resources and is the leading US public health institute and federal health
protection agency. It contains recommendations for both individuals and industries (e.g., education, businesses,
etc.)

The World Health Organization

https://www.who.int/emergencies/diseases/novel-coronavirus-2019

• The primary global site for resources and is the United Nations public health agency, leading **international health efforts.** It also contains recommendations for both individuals and industries (e.g., education, businesses, etc.)

The Food and Drug Administration (FDA)

https://www.fda.gov/emergency-preparedness-and-response/counterterrorism-and-emerging-threats/coronavirus-disease-2019-covid-19

• In addition to managing COVID-19 vaccine approvals, the FDA provides expertise on personal protective equipment, and specific industries (e.g., <u>food retail establishments</u>)

The Federal Emergency Management Agency (FEMA)

https://www.fema.gov/disasters/coronavirus/best-practices

• While known best for its disaster response, FEMA has pulled together a list of COVID-19 best practices for both individuals and industries.

Other Resource Types

There are numerous additional resources that provide information for specific groups or industries, for example:

The National Restaurant Association

https://go.restaurant.org/covid19-reopening-guide

• Provides information for multiple situations including operating guidance and reopening

The American Association of Retired Persons

https://www.aarp.org/coronavirus/

• Provides information for older adults and their caregivers

A number of Nevada counties have provided mitigation and enforcement plans to the Task Force in 2020, and they provide some examples for how others have addressed this pandemic. These plans can be found here.
